Date: 16th March 2021

Angel Xpress Foundation (AXF) was started in 2012 as a platform for concerned citizens willing to tutor and mentor first-generation learners from slums in their neighbourhoods. As of August 2018, it is a 12 A and 80 G accredited Section 8 NGO where 2000 plus school goers from slums get 200+ hours of lessons in English, Math and Values, led by over 600 plus volunteers at free learning centers in across 20 locations in Mumbai.

AXF also provides an opportunity to students from privileged backgrounds to become "buddies" of their less privileged peers. The aim is to create a two way learning and sensitization experience for both.

We are happy to confirm that Saisha Gupta from Dhirubhai Ambani international school has donated 35 pairs at AXF-Bandstand centre for our students. She has also conducted sessions under the programme global perspectives where she took online sessions of total body fitness, cardio workouts for our kids at Bandstand centre.

We appreciate her contribution made towards the organization.

Thanking you,

For ANGEL XPRESS FOUNDATION
